

## Air Compressor

ZC-QC001D

Rated power: 2.5kW, 3Hp and 230v motor

Twin cylinder belt slow running pump.

Tank capacity: 100 liter

Start method: 13A

Wheel: 4 Drive Belt

Tank material: Steel

Pressure: 12bar

Air pressure: 12.5kg/cm<sup>2</sup>

Pump (RPM): 1000

Motor speed (RPM): 2100

Air displacement: 300liter per minute

Included twin pressure gauges, cut out switch .safety valve and pressure regulator.

Productivity: 200 l/min

Compete with all standard Accessories
