

AC Refrigerant Filling and Vacuum Meter Model: ZC-QC069D

Features:

- a. Ideal for R134 & R502 refrigerants.
- b. Connect fittings with high pressure safety valve.
- c. Manifold Gauges A/C Tester Refrigerant Gas Service Diagnostic Kit with Quick Couplers.
- d. Complete Diagnostic and Service Gauge Set for use on Air Conditioning Systems (Automotive / Home).

Specification:

3.5CFM 1/4HP HVAC Air Vacuum Pump	
Manifold Gauge Set	
Material	Plastic & Metal
Hose Length	90 cm/36"
Hose working pressure	500 PSI.
Hose Burst pressure	2500 PSI.
Hose fittings	1/4" SAE
High Pressure	0~500 PSI
Low Pressure	0~220 PSI
Temperature Scale	Celsius
Blue Coupler Inside Diameter	14 mm
Red Coupler Inside Diameter	16 mm
